To the Board of Directors and Shareholder

IDC Securities Corp. ^(SR)

(A wholly-owned subsidiary of Institutional Deposits Corp. ^(SR))

We have audited the accompanying statement of financial condition of IDC Securities Corp. (a wholly-owned subsidiary of Institutional Deposits Corp. ^(SR)) as of December 31, 2005, and the related statements of operations, changes in shareholder's equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of IDC Securities Corp. ^(SR) (a wholly-owned subsidiary of Institutional Deposits Corp. ^(SR)) as of December 31, 2005, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on page 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

NOTE 1. ORGANIZATION AND NATURE OF BUSINESS

IDC Securities Corp.^(SR) (the “Company”) a wholly-owned subsidiary of Institutional Deposits Corp.^(SR) (the “Parent”) was organized in 1997 in the State of Delaware. The Company acts as its Parent’s agent for the purchase and sale of certificate of deposits. The Company became registered with the United States Securities and Exchange Commission (“SEC”) and the National Association of Securities Dealers, Inc. (“NASD”) effective December 3, 1998. Consequently, its record keeping is subject to the rules and regulations prescribed by these agencies. During 2005, the Company paid \$400 per month to its Parent for its share of the use of the office facilities and employees of the Parent. In addition, the Company has entered into an agreement with its Parent whereby it will pay a monthly management fee in consideration for all the expenses that the Company may incur in its operations that were paid by the Parent. The management fee will be an amount equal to the greater of the revenue generated by the Company or its expenses paid by the Parent. In the event that the management fee accrual or payment should cause a net capital violation by the Company, the Parent may, at its option, agree to waive such payment and liability.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting; consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred. Financial statement items are recorded at historical costs and may not necessarily represent current values.

Accounting Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at December 31, 2005, and revenues and expenses during the year then ended. The actual outcome of these estimates could differ from the estimates made in the preparation of the financial statements.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

(A WHOLLY – OWNED SUBSIDIARY
OF INSTITUTIONAL DEPOSITS CORP.^(SR))

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

NOTE 3. NET CAPITAL REQUIREMENT

The Company, as a registered broker/dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires that the Company maintain “Net Capital” equal to the greater of \$5,000 or 6 2/3% of “Aggregate Indebtedness”, as defined, and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. At December 31, 2005, the Company’s “Net Capital” was \$10,100 and the “Required Net Capital” was \$5,000. At December 31, 2005, the Company’s ratio of aggregate indebtedness to net capital was 0 to 1.

NOTE 4. INCOME TAXES

The Company's operating results will be included in the consolidated State and Federal income tax returns filed by its Parent. For financial statement purposes, income taxes would be calculated as if the Company were filing separate returns. These amounts are payable to or receivable from the Parent.

NOTE 5. CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents. During the year, the Company’s account balances with financial institutions may exceed the insurable limit of the Federal Deposit Insurance Corporation or other agencies. Management regularly monitors their balances and attempts to keep this potential risk to a minimum by maintaining their accounts with financial institutions they believe are of good quality.

At December 31, 2005, and during the year then ended, there were no liabilities subordinated to the claims of general creditors.

Report of Independent Certified Public Accountants on Internal Control
Required by Rule 17a-5 of the Securities
and Exchange Commission

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS
ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 OF THE
SECURITIES AND EXCHANGE COMMISSION**

To the Board of Directors and Shareholder
IDC Securities Corp.^(SR)
(A wholly-owned subsidiary of Institutional Deposits Corp.^(SR))

In planning and performing our audit of the financial statements and supplemental schedules of IDC Securities Corp.^(SR) (a wholly-owned subsidiary of Institutional Deposits Corp.^(SR)) (the "Company") for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
